

At Illuminate You, we ask all of our students to uphold our shared values and contribute positively to our learning community by:

- **Living by our TRIBE values** in everything they do
- **Attending school every day**, ready to learn and grow
- **Actively engaging** with their learning and making the most of every opportunity
- **Following staff guidance and instructions** to ensure a safe and respectful environment
- **Wearing clothing that is appropriate** and free from offensive language or imagery
- **Treating others with kindness and respect**, always using civil language and behaviour

These expectations help us create a safe, inclusive, and empowering space where everyone can thrive.
